## LIFE DOESN'T STAND STILL AND NEITHER SHOULD YOUR INVESTMENTS.

Time can affect you as much as your investments. While you can't stop change, you can help make sure your investments match your current circumstances and goals.

Fortunately, doing that may be as easy as meeting with your financial advisor. A free Portfolio Review from Edward Jones can help identify where your investments stand in relation to your goals. And help put time back on your side.

To schedule a complimentary Portfolio Review, call your local financial advisor today.
