

several years.

"I guess it helps that I'm a fast learner and I caught on quickly. It

"It has had it's ups and downs. Some people think you're cool and other people make fun of you. I just walk by and ignore them completely. There are more people positive about it than negative."

When not at school or competing in sports, Finch is an avid guitar player. He has performed at weddings and in his spare time usually has his guitar with him.

"I've been playing for five years now. Anytime I'm at home I'm practicing. It would be great to join a band, but we're in Centerville and it's hard to find people that play," stated Zeth Finch

Finch is unsure which college he will be attending in the fall, but believes he will study in the field of graphic design.

"For sure I'm going to college, I'm not quite sure where yet. I'm pretty sure I'm going to go for graphic design," said Finch.

Despite some of the negative comments he has received for being a part of the cheerleading squad, Finch doesn't regret his decision.

"I don't regret it at all, not one bit. It's been fun," added Finch.

was pretty hard in the beginning. There was a lot of stuff I had to learn from scratch," he said.

Having a male on the squad has given the cheerleading team more options than they've had in the past.

"We can do some lifts, stunts and things like that," Finch said.

Finch claims that football is his favorite sport and was a part of the Centerville football team that finished 6-3 last season, barely missing the playoffs.

"We came together as a team more than I thought we would. But in the end, 6-3 isn't the greatest record. But it's better than 1-8," commented Finch.
