Parish Nursing

Parish Nursing will vary from church to church depending on the needs of the parishioners, the resources available, and the nurse's area of expertise. Examples of services offered could be health counseling, health resource referral, health education, and group facilitation.

Peer Counseling

Provides trained older adult volunteers to help and support other older adults who are coping with loss, grief, loneliness, isolation, depression and/or care giving issues.

Respite Care

Provides short-term care to enable those caring for a loved one in their home to get a break for rest and relaxation, or time away to do errands. Respite Care may be provided in the home through a formal home care agency or an informal volunteer program, in a day care setting or a short-term institutional placement.
