## Lucian Adams perfect name for great school

By Fernando Rosendo Ramirez

S/Sgt Lucian Adams Memorial High School.

What a great name for the new high school being built in Port Arthur. It will face S/Sgt. Lucian Adams Drive, which was named for Port Arthur's congressional medal of honor recipient. It will be across from Our Lady of Guadalupe Catholic Church, on whose land the shrine of our lady of Guadalupe and Juan Diego is located. This is the same Lady of Guadalupe Lucian's mother prayed to for his safe return from World War II.

Some may argue that we have already done too much in his honor, but to them I say that the price he and every soldier has paid fighting and dying for our freedom can never be compensated enough. Maybe this way the students, teachers, staff, administration, parents and citizens will know why we

S/Sgt. Lucian Adams

pledge allegiance to the flag of the United States of America. Maybe it will make us remember our men and women soldiers on Memorial Day and honor the red, white and blue on Flag Day.

With all the battles that have been fought trying to get

**Port Arthur hero

machine gun  
nests to save the  
supply line.**

**Page 2**

this high school built, is it not a fitting tribute? To end (or at least call a truce) to the war that divides us and name the new high school after S/Sgt. Lucian Adams. We can keep the Memorial High School and just add his name to the beginning. And after all, isn't a Titan a fierce warrior? Well because of his bravery as a fierce warrior, he received the country's highest honor

What better symbol of a Fighting Titan can we ask for than Staff Sergeant Lucian Adams and what an honor it would be to attend ....

S/Sgt Lucian Adams Memorial High School.
