

more like our children than the other way around. Children have the capacity to love and trust without question, and they enjoy being active in the church. Whether they sing or act in the Christmas play, they look forward to it and work hard to learn their part. Far too many adults are content to set back and watch, silently hoping the preacher doesn't call on them to do anything in front of people.

Granted, life challenges weigh a little heavier on the shoulder of adults from time to time, but church is a place to enter into worship and fellowship with one another. Bless the young ones like Kristian and Deaven who help keep us older folks energized and revitalized.

Devin singing at church.

Kristian being baptized.

KNOX COUNTY CHAMBER OF COMMERCE

is an investment in your community and your business.

The goals of Knox County Chamber of Commerce are to partner with the people who live here to promote the local economy by attracting new enterprises and maintaining a healthy business environment, to encourage excellence in education, to create an environment which nourishes new ideas and creativity, and to assume a leadership role in southeastern Kentucky.

- Network with community businesses.
- Enhance your business through professional development and exposure.
- Connect with resources you need for success.
- Work to keep spending at home, in Knox County.
