

mail call

Junk mail is one of the most important things you'll need when you first get settled.

Who doesn't need to know about deals on hearing aids and gold eagle collectable quarter proofs?

But seriously, for things you love to get - like bills and letters - you definitely need to check in with the post office ASAP.

Most apartment complexes can tell you your mailbox number, but you should still run by your local post office and fill out a change of address form. It's a little confusing, but the nice men and women in blue-grey can give you a hand.

Woah, woah...

YOU CAN'T CONTROL THE WORLD, BUT YOU CAN CONTROL YOUR DECISIONS.

Sometimes the market reacts poorly to world events, but just because the market reacts doesn't mean you should. Still, if current events are making you feel uncertain about your finances, you should schedule a complimentary portfolio review. That way, you can make sure you're in control of where you want to go and how you get there.
