

Experience isn't everything.... It's the **only** thing!

The Heart and Vascular Institute at
Conroe Regional Medical Center cares for
More hearts than any other hospital in the region...

- **More** cardiovascular surgeries
- **More** cardiac catheterizations
- **More** interventional radiology procedures
- **More** diagnostic studies

...a number that totals more than
7,000 Procedures a year

That experience has enabled us to
become one of the Best, and we have
the facts to prove it...

Heart & Vascular
INSTITUTE
