WHAT IS SNAPSHOT?

This almanac is an annual look at the numbers of our communities. While it includes many standard lists, we've also mixed in some more unusual topics about everyday life and trends. It's not only ideal for page flipping but also to serve as a reference guide for the next year.

GO FIGURE

Throughout the section, you'll note some Go Figure items. These highlight the most interesting numbers that we hope you'll take with you after reading Snapshot.

COLOR CODE

In order to help you distinguish your home county's information, we've color coded as much as possible. Keep an eye out for:

CLARK COUNTY GREEN
FLOYD COUNTY BLUE
