Around the world... and right at home.

Now with four manufacturing locations in New Albany, China, Malaysia and Costa Rica, Samtec can easily service both hemispheres with high-tech electronic interconnects. Samtec continues to be one of the fastest growing companies in the \$43 billion interconnect industry. Redundant manufacturing and sourcing positions Samtec for future growth while still providing its trademark Sudden Service®.

Samtec has truly grown from a commodity component manufacturer into a high-tech company that develops leading edge solutions for the most demanding electronics applications in the world, from advanced telecommunication systems to super computers, and from avionics to automotive.

Despite an ever-growing business, the roots planted in New Albany 30 years ago remain the same: Superior Customer Service combined with treating Associates with respect and making them owners and partners, leads to success.

If you would like to know more about Samtec please visit our web site at www.samtec.com

Samtec's manufacturing facilities include its 400,000+ square foot New Albany, Indiana headquarters, and plants in China, Malaysia, and Costa Rica. These facilities are integrated with a single quality, production control, engineering and global logistics system that consistently delivers the best customer service in the business.
