Your Community Bank has remained a cornerstone of the local economy for the past 75 years by emphasizing a foundation of financial strength and stability. The guidance that our Board of Directors regularly provides is rooted in the business knowledge members have gained in the local companies they have managed and, in some cases, founded. In addition, each has developed a strong sense of commitment to the community by giving their time and talents to local charitable and civic organizations. Our Board is one of the many things that makes us distinct for you.

HOW INDIANA COMPARES

The National Survey of Children's Health (2003) presents a snapshot of our children's health. The questions below are results from across Indiana compared to national results.

	INDIANA	U.S.
CHILD'S HEALTH STATUS (AGES)		
Children (0-17) whose overall health is excellent or very good	87.5%	84.1%
Children (0-17) with health problems rated as moderate or severe by parents	8.5%	7.9%
Children (0-17) with asthma whose families are greatly or moderately affected in some way by child's health condition	8.8%	16.3%
Children (ages 0-5) with injuries requiring medical attention during past year	13.0%	9.4%
Children (0-5) whose parents have one or more concerns about child's learning, development, or behavior	41.1%	36.6%
CHILD'S HEALTH CARE		
Children (0-17) insured	93.6%	91.2%
Children (0-17) uninsured or not insured for some period during the past year	12.5%	14.9%
CHILD'S SCHOOL AND ACTIVITIES		
Children (6-17) who participate in one or more organized activities outside school	85.6%	81.0%
